FIG. 17B

**FIG. 18**

FIG. 19 is a schematic diagram of a system for providing a user with a user interface for a system. The system includes a user interface 1818, a processor 1832, a memory 1826, a network interface 1810, and a display 1810. The user interface 1818 is connected to the processor 1832, which is connected to the memory 1826. The processor 1832 is also connected to the network interface 1810, which is connected to the display 1810. The system is configured to provide a user with a user interface for a system.
